

2020 Fire Risk Assessment support to Enterprise customers

In accordance with the recommendations of the Hackitt report post Grenfell fire risk assessment work should only be undertaken by those who have both demonstrated their competence with a program of peer review and third party certification (BAFE SP205 or IFSM Tier 3 registration) and have a comprehensive appreciation of the needs of the client site to ensure that all necessary steps are taken to deliver a report and the accompanying commentary notes.

Veritas as an Enterprise partner can offer this level of support to the regional membership regardless of the site location across the UK.

If therefore you would like to discuss where Veritas can help you in getting the best support for the FRA for your next fire project then please feel free to get in touch.

Enterprise customers will benefit from a 15% discount on the costs for the assessment.

Steve Dilloway GiFireE & MIFSM

**Fire Alarm | Risk Assessment | Insurance Liaison | Emergency/Escape Lighting | Voice Evacuation
Refuge & Disability Systems | Kitchen Suppression Design | High Quality Labour Supply
Installation & Commissioning with BAFE Certification**

Graduate of the Institute of Fire Engineers GiFireE | Member of the Institute of Fire Safety Managers IFSM
