

2020 Fire alarm design and certification support to Enterprise customers

In partnership with Enterprise Norwich, Veritas is now able to offer a full site wide package of support for Life Safety Systems to help support contractors.

This will include Fire Alarm, Emergency Lighting and Disability systems, it may also cover such issues as surge protection, directional signage and photoluminescence products and all will be assessed, designed and certified with full BAFE certification.

Where required cost effective and tax efficient lease funding may be available.

Enterprise customers will benefit from a 15% discount on the costs for each project

If therefore you would like to discuss your next project please contact Bob Farrow in the 1st instance at the Norwich office.
